AJ called a few days ago and I attempted to return his call, left a message which was not returned. He can make arrangements to gain access to the site through the EPA (Gary Moore 214.789.1627) and I think that it would be a good idea for AJ to meet Gary.

Hi Mickey,
Have you talked with Woods lately? I think he needs to get out there and make a bid on removing everything including him selling the usual tanks. Ask him to call if he wants. Thanks
